Upping the ante, however, is the notorious protagonist of the game: The Prophet, who's currently at the helm of his armoury, the ASAT System. As it would be, the character who caused a lot of controversy in the original, because he's said to be based on a real person. Crysis 3's single-player campaign takes place across five locations, although the only in-game ones we've seen in the past has been the two main areas. Look forward to seeing the rest of the map though. The campaign was in alpha for a few years, but over the last year its developers, Crytek, have been taking this time to polish it and improve the multiplayer maps. It will be out in

February 2012, which sounds more than feasible.The cost of adapting to climate change is estimated to be US$4 trillion to $7 trillion, with a total annual cost of nearly $1 trillion in lost economic activity. The Intergovernmental Panel on Climate Change – the United Nations Environment Programme (UNEP) group that produced the report – says adaptation is the "price to be paid" for limiting the impact of climate change. The report says warming will result in $US140 billion to $US220 billion in economic losses in Asia and the Pacific – more than those in other parts of the world. "Climate change is happening much faster than we expected, and the consequences are likely to be far higher than we thought," said Achim Steiner, executive director of UNEP. "We need to act on adaptation now to ensure that the losses we've seen so far are the worst cases and 50b96ab0b6
